From Our Alumni

Piyush Salunkhe (B.E. 2015), IAS

If anyone is asked about one of the best days of their life, the immediate reminiscence is that of one's college. Me Same is the case with me. AISSMS IOIT provided me with some of my most fond memories, best of friends, new experiences and a learning curve that shaped my career. Extracurricular like active involvement in the National Service Scheme, roles and responsibility in College fest, etc helped broaden horizons. NSS exposure was one of the major epiphanies for choosing civil services as a career. Hoping to envision these learning's further in my career and wishing my alma mater and my friend sitting there all the very best for their future endeavours. Finally Dream because your limit is what you define it to be!
