13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

Plan of Action	Achievements/Outcomes
To conduct Internal Academic Audit	Internal Academic Audit of sem. 1 was conducted by Internal Assessment Committee during 12/12/2018 to 14/12/2018. Inspection reports were submitted on/before 17/12/2018 while Compliance reports were submitted 28/12/2018 by all the departments. Internal Academic Audit of sem. 2 was conducted by Internal Assessment Committee during 11/06/2019 to 13/06/2019. Inspection reports were submitted on/before 17/06/2019 while Compliance reports were submitted 24/06/2019 by all the departments.
To motivate enrollment to MOOCS courses such as NPTEL online courses, Spoken tutorials etc. for students and teachers	116 faculty members enrolled and completed the course. 776 students enrolled for the NPTEL online courses. 2029 enrolled and 1076 Students completed spoken tutorials.
To promote the activities under 'iConnect' (Industry, Institute, and Individual Connect) program	Number of students benefitted: Sponsored projects 41 Industrial Internships/Training - 194 Hands on training 62 Placement - 2
To promote industrial internships/training for students	Number of students benefitted - 515
To apply for research grants to various agencies for funding.	Received Grants worth 9 lakhs
To update infrastructure and laboratory resources.	95 lakhs spent on updating infrastructure and purchasing laboratory resources.
To organize session on 'Intellectual Property Rights: Role in Make in India'	Three patents were filed by faculty members.
To organize State Level FDP on "Machine Learning with Python	State Level FDP on "Machine Learning with Python was successfully organised by Department of Computer Engg. Received grant of Rs. 1,00,000/- from SPPU.
To organize National Level Workshop on Power Electronics Applications and control of E -Vehicle and drives	National Level Workshop on Power Electronics Applications and control of E -Vehicle and drives was successfully organised by Department of Electrical Engg. Received grant of Rs. 1,21,326 from SPPU

To organise "ALACRITY" National Level Techfest /Annual Day.	"ALACRITY" National Level Techfest /Annual Day was successfully organised by institutional cultural committee
To celebrate different days.	Days like Science Day, Women's Day, World Health Day, and World Environment Day were successfully organised.
To arrange programs through Remote center	Arranged 7 programs
To conduct regular IQAC meetings.	Four IQAC meetings were conducted on following dates: 1. 19/07/2018 2. 11/10/2018 3. 17/01/2019 4. 11/04/2019
To organize induction program for newly recruited faculty members.	Induction program for newly recruited faculty members was conducted on 17 & 18 July 2018. Faculty members were informed about the society and institute as well as about the rules and regulations to be followed. They were informed about the standard procedures and documentation formats for various activities. Session on 'Formation of CO statements and CO attainment calculations' was conducted by IQAC coordinator. All the newly recruited faculty members were taken for the visit of all the departments and common facilities.
To celebrate Teacher's Day - (Rewards system)	Teacher's Day was celebrated on 06/09/2018 and rewards were given to best teacher, best class, best GFM, best department, best HoD etc.

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution meticulously plans for effective implementation of the curriculum. The detailed process is stated below: i. Planning for the Term : ? All the departments prepare academic calendar in line with the academic calendar prescribed by the University which consist of all technical and non-technical activities in detail. ii. Finalising of faculty member for each subject and Electives to be included in next semester and Preparation of Timetable: ? Before the end of the term, each faculty member submits his/her subject preferences to the Head of Department (HOD). Likewise, the electives are floated to the students to decide their choice to finalise and plan in advance for the electives. ? As per preference of subject, HOD assigns the faculty member as per their qualification and expertise and the subject distribution is communicated to the faculty member well in advance for proper preparation. ? Timetable is prepared as per the availability of infrastructure and shift of faculty member which is approved by authorities. The approved Time table is displayed on notice boards and college website prior to commencement of new term. iii. Preparation by each faculty member: ? Once the subject is allotted to the faculty member, they prepare teaching plan and course file as per the departmental academic planner. ? Lab manuals are prepared for each subject by the respective subject in charge along with important oral questions. iv. Academic Monitoring Committee: ? A Guardian Faculty Member (GFM) is appointed for each class to monitor day to day conduction of time table and academic planner. ? Daily attendance is monitored by each faculty member and defaulter students with poor attendance are identified. Parents of such students are informed by telephone and SMS alerts, if required counselling is done by 3rd party and batch counsellors. ? HOD takes feedback of the faculty member twice in a semester from students and analysis is done by GFM. If

feedback is poor, then corrective measures are advised by HOD and Principal. ? Faculty member meetings are held every week by the HOD to take academic review and suitable remedial measures are advised if necessary. v. Resource Planning: ? Instruments which require repair or are obsolete are identified. ? Yearly budget is prepared based on consumables and equipment and planned lab wise and submitted to "Purchase Committee" to call for quotations. ? Comparative statements are prepared to release requisition for each item. ? After receipt of these, demonstration is arranged to check satisfactory operation and test report is prepared. vi. Selection process of final year projects: ? Project coordinator is assigned to final year students who assign project guides to these student groups as per area of specialisation of the faculty member. ? The students are encouraged to get company/college sponsored projects with innovative idea. ? Projects with market potential are considered and supported for development of new start-ups.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>The Institute has a well organized feedback system to monitor and evaluate the quality of teaching and learning. • The Online feedback through ERP is collected twice in a semester from the students for all the subjects by the concerned GFM or Head of Department to maintain secrecy. About 70 students who are having attendance more than 75, participate in the feedback process. A standard feedback questionnaire based on metrics like Subject knowledge, Teaching skill, Punctuality, Command over language is designed by the institute. • Percentage performance of each faculty member is calculated on the basis of levels he /she have obtained for the different feedback items. All the comments written by the students in the feedback forms are communicated to the respective faculty members along with their feedback levels to know their strengths and weaknesses and to enhance their teaching skills. • The faculty members having highest feedback score are appreciated and note is given for corrective action to the faculty members having feedback score below 75. • Online feedback system is available through college website. Students can also give feedback through the suggestion box available in the department. • The feedback is collected from the alumni, parents and resource persons on the facilities available in the department/Institute. Students can also give</p>

feedback on facilities in the department through the suggestion box available in the department. All the factors mentioned in the feedback form are analysed and corrective actions are taken accordingly. Feedback Analysis: Feedbacks from different stakeholders are discussed in the departmental/institute level meeting and corrective actions are taken.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BE	Engineering	540	554	492

2.2 – Catering to Student Diversity

2.2.1 – Student - Full time teacher ratio (current year data)

Year	Number of students enrolled in the institution (UG)	Number of students enrolled in the institution (PG)	Number of fulltime teachers available in the institution teaching only UG courses	Number of fulltime teachers available in the institution teaching only PG courses	Number of teachers teaching both UG and PG courses
2018	2202	24	108	6	114

2.3 – Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e-Resources)	ICT Tools and resources available	Number of ICT enabled Classrooms	Number of smart classrooms	E-resources and techniques used
114	114	5	28	0	5

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

All the students get academic and personal guidance from the concerned Mentors, Guardian faculty member and Heads of the Department. Following are the various guidance services (professional counseling/mentoring/academic advice) are provided by the institute. • FE induction When new students get admission in First year Engineering course Induction Program is organized to make students aware with Engineering academics and curriculum. Induction program is addressed by Principal where all new students are oriented about institute's infrastructure facilities, teaching learning methodologies, opportunities for participating in cocurricular and extracurricular activities and training and placement. • The department has student counseling cell, which comprises of faculty members as batch counselors. The batch size is of 20 students. The batch counselors help to solve problems of the students in academics, career advancement, campus/hostel, personal issues etc. Counseling forms are maintained by the mentors, which includes – • FE induction When new students get admission in First year Engineering course Induction Program is organized to make students aware with Engineering academics and curriculum. The mentors meet the students periodically/as and when needed and monitor their performance and activities. • Psychometric test is conducted at the entry level by the external agency. The SWOT analysis of the students is carried out through this psychometric test and the students are made aware of their strengths and weaknesses. The students are also guided on professional and career advancement. • Guardian faculty member do monitoring of attendance and performance of each students six times in a semester and identifies irregular and academically weak students. GFM conducts one to one meeting with such students and motivate them to improve their performance. The progress and observations are conveyed through telephonic conversation,

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The institute follows all the evaluation reforms as prescribed by the University. In addition, the Institute has introduced measures on its own. Following are the major evaluation reforms introduced by the University. • College Examination Officer (CEO) As per University directives, the Institute has appointed a senior and experienced faculty member as College Examination Officer (CEO). The Examination Committee is headed by Principal, assisted by CEO and senior faculty members from each department. • In semester Examination University has introduced the model of In semester examination for Third year (TE), Final Year (BE) and Master of Engineering (ME) courses. • Computerization University has introduced online examination for evaluation of First and Second year engineering courses. The Institute conducts online examinations of the University every semester. • Credit system As per the University guidelines credit system has been introduced for the PG Program. The reforms initiated by the Institute are - As a regular practice institute conducts unit test examination, mock practical/ oral examinations, FE prelims, Conduction of mock online examinations. To support the above reforms, the institute appoints examiners for the conduction of various practice examinations.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Academic calendar of institute is prepared and then HOD along with staff prepares the calendar of the department which is in adherence with the University calendar. • Each department conducts the meetings of faculty before term end of previous semester and discusses the syllabus of the program and identifies specialized faculty in particular domain and calls the subject preferences from the faculty. Based on this discussion HOD distributes the load. Faculty prepares teaching plan of topics to be covered in upcoming semester as well as course file before the beginning of next semester. • The faculty prepares course file by referring standard course file index it includes details of Lecture plan, Notes and other study material, previous year University question papers along with solution, assignments, e learning material etc. Faculty also identifies list of lab experiments need to be conducted. • The Course file is evaluated by concerned HOD as well as Principal. • The students are informed about time table, academic calendar and teaching plan well in advance. Institute conducts Unit Tests and Prelim Exam during the term. The Mock Practical and Orals are also conducted .Students academic performance in these tests is evaluated and used to identify the extra efforts required to improve results. Continuous assessment is done based on students performance in the above exams, assignments, attendance etc. • At the end of Term University conducts examination and evaluate the students' performance and offers result for the same. • At the end of semester, course end survey is collected. Course outcome are evaluated based on survey analysis of course end survey and student's performance in exams. • Institute organizes co curricular and extracurricular activities to supplement the curriculum. • Institute carries out result analysis and gives the information to IQAC and seeks the guidelines from it for further improvement.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

CRITERION III – RESEARCH, INNOVATIONS AND EXTENSION

3.1 – Resource Mobilization for Research

3.1.1 – Research funds sanctioned and received from various agencies, industry and other organisations

Nature of the Project	Duration	Name of the funding agency	Total grant sanctioned	Amount received during the year
Any Other (Specify)	730	IEEE Pune Section for IEEE Humanitarian Activities Committee (HAC) Affordable Agriculture Technology Lab	1.6	1.6
Minor Projects	730	ISRO	0.6	0.35
Minor Projects	2	SPPU	1	0.86
Minor Projects	730	BCUD – SPPU	1.6	0.66

Major Projects	730	BCUD - SPPU	1.9	0.56
Minor Projects	730	ASPIRE mentorship projects , SPPU	3	0
Minor Projects	365	IEEESIG	0.13	0.13
Minor Projects	120	IEEESIG	0.06	0.06
Any Other (Specify)	2	Savitribai Phule Pune University , Pune for National Level Workshop on Power Electronics Applications and control of E Vehicle and drives	1.21	1.21

3.2 – Innovation Ecosystem

3.2.1 – Workshops/Seminars Conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices during the year

Title of workshop/seminar	Name of the Dept.	Date
Training and internship by Tech mahindra	Electronics and Telecommunication	07/01/2019
3 Days Practical Oriented Workshop on Industrial Approach In Electronics	Electrical	26/09/2018
Workshop on Wireless communication and embedded system by TIFR	Electronics and Telecommunication	28/06/2019
Workshop on Android APP Development by TSSC	Electronics and Telecommunication	22/08/2019
DCS training	Instrumentation	25/03/2019
PLC training	Instrumentation	07/01/2019
PLC training	Instrumentation	31/12/2018
Advanced PLC Programming (Allen Bradley) workshop	Electrical	03/09/2018
One day Student Solar Ambassadors Workshop	Electrical	02/10/2018
3 Days workshop on IoT for affordable Agriculture	Electrical	27/09/2018
National Level Workshop on Power Electronics Applications and control of E Vehicle and drives	Electrical	10/01/2019
Hands on Training of ETAP software for power system	Electrical	24/01/2019

analysis		
MATLAB and Simulink Training workshop	Electrical	01/02/2019
Induction/Refresher Programme on "Recent Trends in MEMS, Power Sources and Electronic Packaging" by CMET Pune	Electronics and Telecommunication	25/06/2018
IETE student forum technical activity Workshop on cooperative robots	Electronics and Telecommunication	02/11/2018
Workshop on IPR	Student Welfare Organization (SWO) of AISSMS IOIT	18/03/2019
Workshop on Technical Paper Writing	Student Welfare Organization (SWO) of AISSMS IOIT	20/03/2019
Workshop on Antenna and microwave component designing for BE (IETE)	Electronics and Telecommunication	27/09/2018
Workshop on Skill Development by Ethenus Pvt ltd	Electronics and Telecommunication	15/02/2019
Workshop on PCB Designing and Printing by Idle Project Solutions,Pvt,Ltd, Pune	Electronics and Telecommunication	24/08/2018
Workshop on Hardware Design for TE by Idle Project Solutions,Pvt,Ltd, Pune	Electronics and Telecommunication	31/08/2018
Hands on Training on ARM and DSP Processing by Edutech Learning Solution Pvt.Ltd	Electronics and Telecommunication	29/01/2019
Workshop on optional subject choice	Electronics and Telecommunication	28/01/2019

3.2.2 – Awards for Innovation won by Institution/Teachers/Research scholars/Students during the year

Title of the innovation	Name of Awardee	Awarding Agency	Date of award	Category
Smart helmet for all weather conditions	Mr. Gaurav Sonavane	COEP	28/09/2018	Winner Mekethon2018 at mindspark
Esketboard	Mr. Gaurav Sonavane	Selected in India International Science festival held in Lucknow(UP)	05/10/2018	Selected as a top 100 researcher of India get published in IISF book by Govt. of India.

Techmanathan Technical event	Ajinkya Patil	Jayawantrao Sawant College of Engineering, Hadapsar ,JSPM Group	30/01/2019	State 1st
State Level Project Competition for undergraduate Electrical Engineering Students	Nikhil Gimhavenekar, Akshay Walke , Rahul Disa	Marathwada Mitra Mandals College of Engineering Karvenagar, Pune	04/04/2019	State 2nd
Poster Competition	Sachin Hore	Prof. Ramakrishna More Arts, Commerce and Science College, Akurdi, Pradhikaran, Pune	28/01/2019	State

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

College policies are well in line with government policies. All the teachers work together to achieve these policies. Central committees are formed for smooth functioning with delegation of responsibilities. Transparency is maintained by sharing the information on college website for ready reference of all the stakeholders of college as well as the citizens. Discipline, the most desirable virtue for teaching learning process, amongst the students is maintained by deputing a dedicated staff as guardian faculty member division wise. Students' performance is monitored through batch counseling.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	Being affiliated to University and nonautonomous college, we are not authorized to frame Syllabus by ourselves as such. As and when the opportunity is available the faculty members of respective subjects are deputed as subject experts by the college on University committee. College also allows staff members to contest the elections for various positions in the University bodies including Board of Studies elections. Also college provide platform for Curriculum development of university by hosting workshops and seminars at college as per the university guidelines.
Teaching and Learning	The process is monitored by the higher authority time to time through frequent meetings with teachers and also by requesting the feedback from the students. Meetings to discuss academic results of subject from respective department are also routine part of practice. Suggestion box department wise are available for anonymous feedback to improve on the system

practices. In the meeting after rigorous discussion the proper suggestions to improve on the teaching learning practices are communicated to the concerned person for implementation and the loop is closed during the next meeting in same academic year or semester.

Examination and Evaluation

Again being affiliated with SPPU we are not the deciding authority. The teachers are promoted to be active member of central assessment program (CAP) of university regularly. The senior faculty members of college are also given 'On Duty leave' for exam related work like paper setting, online as well as practical and oral exam in campus off the camps. The college hosts university exam for all subjects offered as per scheduled by SPPU with adequate on site facilities necessary to conduct the examination effectively. Also the college is hosting and implementing the CAP for all the BE subjects of SPPU regularly from past 2005. Every single decision and policy observed by the college is student centric and is in their academic interests precisely.

Research and Development

The College has PG center for Electrical and ETC engineering. Also it has recognized research center for ETC. Few of the faculty members are recognized and nominated research guides under SPPU. The college has well defined policy to promote research culture amongst its faculties as well as the students. As a result the technical clubs of students are in existence. It has produced few entrepreneurs. The college has also got technology evolved for certain productions through Research Development clubs. Few of the patents are filed and few more are in process of claims.

Library, ICT and Physical Infrastructure / Instrumentation

The Infrastructure facilities are well in place. All kind of maintenance work in college is monitored undertaken by workshop section of First Year Department. Accordingly the workshop section under the First Year Department has got instructors recruited for civil, mechanical, electrical and carpentry work. For quality improvement the staff members are promoted for offering consultancy. F.E, electrical

and instrumentation department are involved in consultancy work. All labs classrooms are well equipped for interactive teaching learning. Up gradation as well as updation of all labs and classrooms is done in accordance to revised syllabus and Industry requirement. Every year the purchase is intended. For technical specifications the teachers are authorized and purchase is monitored by the management. The purchase in library every year is also done in accordance with SPPU syllabus the research requirement of individual faculty members.

Human Resource Management

The College has recruited adequate number of faculty members, technical staff the class four staff members as per the guidelines mandated by the apex bodies. The excess load is sufficed regularly and particularly by recruitment of staff members on adhoc basis.

Industry Interaction / Collaboration

The dedicated team of faculty members is formed along with TP cell of college to fetch collaborative interactions with the industries working in the field of courses offered. The students are regularly sent for internship in addition to industrial training mandated under SPPU syllabus. The faculty members are also promoted to interact with industry staff members are properly credited through the performance based appraisal policy of college for interaction with industries. 'Memoranda of Understanding' (MoU) are made by various departments with industries for professional development of the students and staff members through the collaborative work. The industry people are requested to become part of examination system to evaluate the academic performance of the students. The industry experts with proven track in the subject approved by the University are normally deputed as resource persons for students. That benefits teachers as well.

Admission of Students

The admission in the college is offered by the central admission process (CAP rounds) and system as decided by the apex bodies including DTE, AICTE, UGC and SavitribaiPhule Pune University. The college also offers Facilitation

Center for the professional course admissions under DTE, Maharashtra.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Administration	The parent society as well as institute always work together to achieve betterment in administration by maintaining the utmost transparency in all the courses offered. In order to check the status and the updates related administration the college participates in different surveys conducted by NGOs, Government agencies or private agencies. As a part of this process the feedback from all the stakeholders is sought frequently.
Finance and Accounts	In order to maintain transparency all the payments made or received are done online or through cheques. In order to meet the daily expenses to be incurred, petty cash facility is available with certain financial freedom delegated to the Principal. Accounts are available on college website under mandatory disclosures.
Student Admission and Support	We follow the CAP round process laid down by the DTE Maharashtra and the other apex bodies. Information and status of admission is always updated online. College supports the admission process by hosting facilitation center.
Examination	The necessary Infrastructure and human resources are well in place at college for organizing the university examination either online or the manual examination. The state of the art system to support the entire examination process is established at the college, including dedicated server for examination work. Receiving the question papers, submission of student's performance evaluation report, remuneration bills towards examination work are observed using online system. The authorities believe egovernance help in transparency and trust worthy system of work.
Planning and Development	All the mandatory disclosures as per apex bodies are in place, www.aissmsioit.org

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

- Title:** knock it to know it **Objectives:**

 - To inspire students to disassemble the system.
 - To explore and learn hardware circuits and components.
 - To understand testing and trouble shooting methods.
 - To correlate the theoretical concept.
 - To enhance observational and analytical skills.
 - To enhance competency for employment.

Title: Digital content sharing **Objectives:**

 - To share the contents and enhance the coordination among the stakeholders
 - To increase the efficiency and transparency of operations at all levels in the

organization. • To provide easy access to data/information and eliminate use of paper wherever possible.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The institute has the vision to uplift common masses by rendering value added education. To achieve this institute is continuously working towards creating engineers receptive to the changing demands of the global market. iConnect: The institute has started 'iConnect' (individual industry institute Connect) program for enhancing interaction between institute and industry which involves contribution by every teacher. iconnect recognizes the academic and professional value of student engagement outside the traditional classroom. The main aim of iconnect is to motivate the faculty members to enhance their connect with the industry. The faculty members visit industries as well as undergo trainings, undertake projects/consultancy work. This faculty association with industry, helps to obtain student internship, final year sponsored project, industrial visit, MoU and industrial resource persons for expert lecture/workshop and placements. The ultimate goal is to imbue students and faculty members with professionalism and networking capabilities. Internship has provided comprehensive practical experience to the students to enhance their academic and professional skills and making them more employable in today's competitive world. The students will get this lucrative opportunity to apply the knowledge they acquired all through the academic career in the professional realm. Employers are much more likely to hire someone with internships and work experience rather than someone with a generic resume, lacking experience. In the year 2018 19, third year students were motivated and counseled to do internship after the end semester examination under iConnect program. In this way, by using faculty industry association, Institute has encouraged students to opt for internship and provided many opportunities to students for attending internship programs offered by renowned companies. In academic year 201819, 424 students of our Institute successfully completed internship in companies and government organizations like DRDO, BARC, BSNL, TechMahindra, HP, DigitalMains, L T, Power Grid, EPITOME Components, Alfa Laval etc. Outcomes of iConnect program are summarized as : 1. 34 faculty members have interacted with different companies 2. 1 faculty member has started consultancy work 3. 194 students have successfully completed internship/summer training programs 4. 62 students have attended hands on training program on ETAP. 5. 41 students got industry sponsored project 6. 28 students got placed
