विद्यार्थ्यांनी जाणल्या उद्योगांच्या अपेक्षा

HT Correspondent Piyush Salunke has a BE in Electronics and Telecommunication and an LLB, whilst currently pursuing a postgrad. He says he still finds time to be a fitness enthusiast.

What does the education resume read like?
I did my schooling and junior college from St Vincent's high school. After my graduation, I also pursued my Bachelor's degree in Law from Navalmal Pirodia Law College, Pune. I have a graduation in Electronics and Telecommunication Engineering from AISSMS's Institute of Information Technology, Pune, passing out in the batch of 2015. I am currently pursuing a post graduate diploma in Cyber Law from Nalsar, in Hyderabad.

Academically: brilliant, average or below average?
I have always been average in academics with an average level of intellect. I believe by combining it with hard work, consistency, a clear goal and a roadmap, even an average student can uncover true capabilities.

How did the IAS happen?
It was a culmination of factors that helped me shape my decision. Amongst them, an opportunity provided by my college with its active National Service Scheme (NSS) club and various round-the-year activities. A yearly camp in a remote rural village helped me gain insights into the challenges at the ground level and how by being in the administration you can contribute to the betterment of society. Roles and responsibilities in the academic and cultural functions of college also helped shape my leadership and management skills. The extra classes in the final year of college helped me in the CSAT exam. The constant support by the faculty of the college was also encouraging.

Highs and lows of your career so far?
The lows have been going directionless at the start, uncertainty of choosing an unguaranteed career path, failure in the first attempt of an exam and the mental toll that it takes. All this propelled me to my high, which was getting into the IAS and the exposure it brings.

What are your future plans?
In the near future I plan to make the most of my training, which offers unparalleled exposure from the lowest grassroots to the highest echelons of the country. Thereafter, I plan to choose and develop my own niche areas of expertise in administration. I would like to use all my experience bridging the gap between administration and public. That is my aim.

अभियांत्रिकीचे शिक्षण मातृभाषेतून हवे : भटकर

पुणे, ता. १३ : अभियांत्रिकीच्या विषयांचे योग्य आकलन व सुलभीकरणासाठी शिक्षण मातृभाषेत गरजेचे आहे, असे मत ज्येष्ठ शास्त्रज्ञ डॉ. विजय भटकर यांनी व्यक्त केले.

ऑल इंडिया श्री शिवाजी मेमोरिअल सोसायटीच्या आयओआयटी महाविद्यालयात 'इंफॉर्मेटिक्स' या परिषदेचे आयोजन करण्यात आले होते. या वेळी उद्घाटन समारंभात प्रमुख अतिथी म्हणून ते बोलत होते. मानद सहसचिव सुरेश शिंदे, प्राचार्य डॉ. पी. बी. माने, गिरीश खिलारी, अजय पाटील उपस्थित होते. डॉ. भटकर म्हणाले, "आंतरराष्ट्रीय परिषदा केवळ नावीन्यपूर्ण आणि संशोधनासाठी व्यासपीठ उपलब्ध करून देत नाहीत; तर विद्यार्थ्यांना उद्योगातील नवनवीन संघी आणि क्षेत्रे कुठली आहेत, याबाबत अद्ययावत करतात. परिषदेचा विषय सर्वांत अलीकडील विषयांचा समावेश करतो, 'इंफॉर्मेटिक्स' शब्द भाषेला संदर्भित करतो आणि 'कॉम्प्युटिंग' शब्द गणिताचा संदर्भ देतो."
