

TECHNICAL **EVENTS**

Mini Hackathon

• **Event Co-ordinators :**

1. Revati Awale
2. Richa Sirwani
3. Ruchir Bhagwat

• **Rules:**

- The responsibility of the components and the materials required for developing the prototype during the Hackathon lies solely on the participating teams.
- Except basic facility (internet/electricity/working space) nothing will be provided so it is advised that the participants come prepared.
- The entire idea need not be fully implemented however, the submission should be functional so that it can be reviewed by the judges.
- The developer/developers of the solution will have all rights and own the IP of the product. However, all code needs to be in public domain (open source) so that it can be evaluated by the judges.
- Decision of judge will be final decision.
- Questions will be published 12 hours before. Students are expected to be ready with installations required.
- Participant should start implementation of chosen topic only after the competition begins.
- Participants are allowed to develop code only within 6 hours.

Event : Hackthon

Reverse Coding

- **Event Co-ordinators :**

1. Harshada Chavan
2. Ankita Yekurke

- **Rules:**

- Individual event
- Coding will be in Ubuntu operating system.
- Consists of two rounds.
- Decision of the coordinators will be final.
- Coordinators have the rights to disqualify any candidate for their behavior.

Round 1:

- Output will be given and you have to implement the code .
- No errors are allowed
- 30 minutes will be given to each participants.

Round 2:

- Problem outputs will be provided.
- Participants need to type the code in Ubuntu.
- 30 minutes will be given to each participants.
- Winners will be announced based on the result of complication and execution.

In case of TIE: TIE breaking statements will be given and time will be monitored.

Three Legged Race

- **Event Co-ordinators :**

Sushmita Gilbale.

- **Rules:**

- Divide children into pairs, matching children of similar height and build.
- Have each player stand next to his partner and put his arm around his partner's waist.
- The partners' inside legs (the right leg of the partner on the left and the
- Left leg of the partner on the right) should be touching. Tie the partners' inside legs together so each pair of children has three legs rather than four.
- Use two ropes to mark a starting line and a finish line.
- Have the player's line up at the starting line. At your signal, have players walk or run as fast as they can to the finish the line.

Event :- Three Legged Race
