

2019-2020 Semester-I

ANNUAL NEWS-LETTER

The News-Letter for Department of Information Technology

Vision

To equip students with core and state of the art Information Technologies.

Mission

Imparting knowledge of Information Technology and teaching its application through innovative practices and to instill high morale, ethics, lifelong learning skills, concern for the society and environment.

Programme Educational Objectives

- ♦ To prepare graduates to solve multifaceted and complex problems in IT industries.
- ♦ To inculcate core professional skills with latest information technology to prepare graduates for employment and higher studies.
- ♦ To develop cross domain competences that prepares graduates for lifelong learning in diverse career paths.
- ♦ To make graduates aware of their social responsibilities toward the environment and society.

Programme Specific Outcomes (PSO's)

PSO1: Graduates will be able to demonstrate database, networking and programming technologies.

PSO2: Graduates will be able to apply core, professional and state of the art Information Technology.

Programme Outcomes

PO1. Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems. [Engineering knowledge]

PO2. Identify, formulate, research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences. [Problem analysis]

PO3. Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations. [Design/development of solutions]

PO4. Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions. [Conduct investigations of complex problems]

PO5. Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations. [Modern tool usage]

PO6. Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice. [The engineer and society]

PO7. Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development. [Environment and sustainability]

PO8. Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice. [Ethics]

PO9. Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings. [Individual and team work]

PO10. Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions. [Communication]

PO11. Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments. [Project management and finance]

PO12. Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change. [Life-long learning].

1.	Mr Kedari Ghatage	FE Induction Program	AISSMS IOIT	23/09/2019 27/09/2019
2.	Mr Hrushikesh Bobade	FE Induction Program	AISSMS IOIT	23/09/2019 27/09/2019

TRAINING AND PLACEMENT ACTIVITIES AT DEPARTMENT LEVEL

Sr. No.	Activity	Date
1.	Seminar on Carrier Orientation on Higher Studies By Mr. YogeshRanga, Analyst, The Chopra's, Pune	09/07/2019
2.	Mock Interview related to Placement By Bhushan Pingle, Acentrure India	11/09/2019
3.	Seminar on"An initiative to motivate all the engineering students in India to their true potential by Mr. Raghvan Koli, Founder, The Conquerors, Mumbai	29/07/2019

GLIMPSES

Inaugural ceremony of the Student Association (ITSA) Events by Principal Dr. P. B. Mane on 10/09/2019

The Technical Magazine and News-Letter for 2018-2019 academic year was launched by the principal Dr. P. B. Mane and Head of Department Dr. M. A. Thalor on 10/09/2019

GLIMPSES

Information Technology department Received awards for the Best Department on 5/9/2019

Mr. Prashant Wakhare and Mrs. Reshma Totare received Best GFM award for SE class on 5/9/2019

Orientation Program of SE - IT on commencement of Academic year 2019-2020

Expert lecture on "Data Analytics Tools of TIBCO" by Shivam Rai, TIBCO on 8/8/2019 for TE students Coordinated by Dr. M.A.Thalor

GLIMPSES

Seminar on "An initiative to motivate all the engineering students in India to their true potential" By Mr. Raghvan Koli for SE TE and BE students of Information Technology Department on 29/7/2019 .

5 Days Faculty Development Program on "Network Security" in collaboration with NITTTR Kolkata is conducted from 24/6/2019 to 28/6/2019.

GLIMPSES

3 Days Workshop on "Programming in C++" from
19/7/2019-21/7/2019

Industrial Visit of SE-IT at IMD Shivajinagar,
29/7/2019

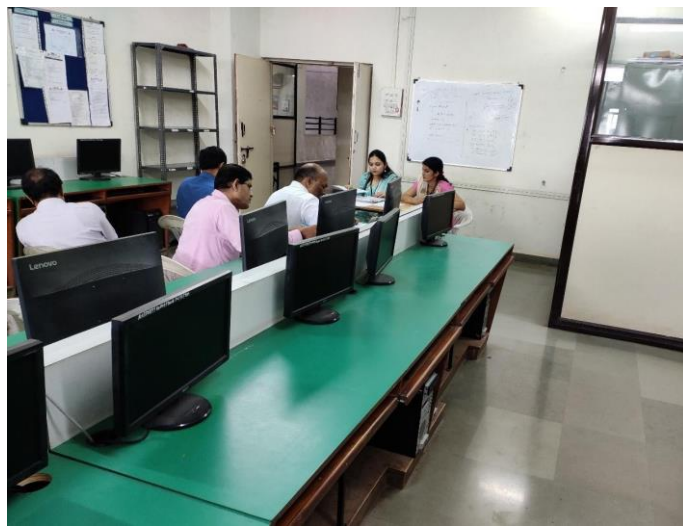

Industrial Visit at Cyber Crime Branch Pune.

GLIMPSES

SE-IT Parent Teacher Meet conducted on 01/08/2019

TE-IT Parent Teacher Meet conducted on 02/08/2019

MOU signed on 30/08/2019 in between Department of Information Technology,AISSMS IOIT and Prank-I Systems Pvt. Ltd.,Pune.

GLIMPSES

Seminar on "Carrier Orientation on Higher Studies" by Mr. Yogesh Ranga for TE and BE IT students on 9/7/2020

A session on the role of an engineer towards building harmonious society in IT department at AISSMS IOIT on 2/8/2019

SEIT class Social Visit BalKalyanSantha,Pune on 09/08/2019

5 Days workshop on "Python Programming" conducted in collaboration with Prank -i Systems Pvt. Ltd. from 26/08/2019-30/08/2019

GLIMPSES

Expert Session on Digital Transformation and readiness for SE IT students on 25/09/2019

One day workshop on “We Think Digital” by Amrita Choudhury from CCAOI, Delhi on 3/10/2019

Software Testing and Introduction to Testing Automation for BE IT, 2/7/2019

One day workshop on “We Think Digital” on 3/10/2019

GLIMPSES

MOU signed on 19/09/2019 in between Department of Information Technology, AISSMS IOIT and HlreMindz-Signio GlobalTech Solutions PvtLtd., Pune

MOU signed on 26/08/2019 in between Department of Information Technology, AISSMS IOIT and Quickyes Infotech Pvt Ltd., Pune.

INSTITUTE OF INFORMATION TECHNOLOGY

ADDING VALUE TO ENGINEERING

2019-2020 | SEMESTER-II

ANNUAL NEWS-LETTER

The News-Letter for Department of Information
Technology

Vision

To equip students with core and state of the art Information Technologies.

Mission

Imparting knowledge of Information Technology and teaching its application through innovative practices and to instill high morale, ethics, lifelong learning skills, concern for the society and environment.

Programme Educational Objectives

- ♦ To prepare graduates to solve multifaceted and complex problems in IT industries.
- ♦ To inculcate core professional skills with latest information technology to prepare graduates for employment and higher studies.
- ♦ To develop cross domain competences that prepares graduates for lifelong learning in diverse career paths.
- ♦ To make graduates aware of their social responsibilities toward the environment and society.

Programme Specific Outcomes (PSO's)

PSO1: Graduates will be able to demonstrate database, networking and programming technologies.

PSO2: Graduates will be able to apply core, professional and state of the art Information Technology

Programme Outcomes

PO1. Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems. [Engineering knowledge]

PO2. Identify, formulate, research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences. [Problem analysis]

PO3. Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations. [Design/development of solutions]

PO4. Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions. [Conduct investigations of complex problems]

PO5. Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations. [Modern tool usage]

PO6. Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice. [The engineer and society]

PO7. Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development. [Environment and sustainability]

PO8. Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice. [Ethics]

PO9. Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings. [Individual and team work]

PO10. Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions. [Communication]

PO11. Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments. [Project management and finance]

PO12. Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change. [Life-long learning]

Pune : EMURGO Academy has signed MoU with AISSMS Institute of Information Technology in Pune, Maharashtra today to offer Blockchain Technology courses at the college. Keeping in mind the rising demand for Blockchain developers in India, both EMURGO Academy and AISSMS Institute of Information Technology have joined hands together for this initiative.

Commenting on the collaboration with AISSMS Institute of Information Technology, Mr. E Venkatesan, CEO, EMURGO Academy said, "Blockchain has helped revolutionize businesses across the world, and India is on its way to becoming more blockchain-

EMURGO Academy associates with AISSMS Institute of Information Technology to offer Blockchain course to students

savvy in the days to come. This has prompted students to choose

blockchain as their career option and most of them want to understand and enroll into blockchain course before they start their professional life. EMURGO Academy will train students in blockchain technology with an internationally aligned curriculum specially drafted by the SMEs and will pave path for their future."

Speaking on the association, Dr. P. B. Mane, The Principal, AISSMS Institute of Information Technology said "We are here to provide the best for our students. With blockchain

MOU signed on 03/02/2020 in between AISSMS IOIT and EMURGO Learning solution Pvt. Ltd. ,Banglore
