AGENDA FOR THE REPORT

TESA

TELECOM ENGINEER'S STUDENT ASSOCIATION

AISSMS
INSTITUTE OF INFORMATION TECHNOLOGY
ADDING VALUE TO ENGINEERING

Approved by AICTE New Delhi, Recognized by the Government of Maharashtra
and Affiliated to Savitribai Phule Pune University.
Accredited by NAAC with A grade

TESA committee follows all the Vision, Mission, Program Educational Objectives,Program Specific Outcomes and Program Outcomes as laid by Electronics and Telecommunication Department. They are as follows

VISION

To provide quality education in Electronics & Telecommunication engineering with professional ethics.

MISSION

To develop technical competency, ethics for professional growth and a sense of social responsibility among students.

PROGRAM EDUCATIONAL OBJECTIVE

1. To provide students with solid foundation in mathematics and fundamentals of Electronics & Telecommunication engineering.
2. To prepare students to analyze and solve real life problems.
3. To inculcate professional and ethical attitude and good communication skillsamong the students.
4. To develop social awareness among the students.

PROGRAM SPECIFIC OUTCOMES

Graduates will be able to

1. Apply fundamentals and knowledge of electronics, telecommunication and mathematics to analyze, design and develop electronics and telecommunication systems.
2. Select different software tools, test and measure equipment and use them efficiently for system solutions.

PROGRAM OUTCOMES

AISSMS
INSTITUTE OF INFORMATION TECHNOLOGY
ADDING VALUE TO ENGINEERING
SINCE 1917
Approved by AICTE New Delhi, Recognized by the Government of Maharashtra
and Affiliated to Savitribai Phule Pune University.
Accredited by NAAC with A grade

1. Apply the knowledge of mathematics, science, engineering fundamentalsand an engineering specialization to the solution of complex engineering problems. [Engineering knowledge].

2. Identify, formulate, research literature and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences. [Problem analysis]

3. Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety and the cultural, societal and environmental considerations.[Design/development of solutions]

4. Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data and synthesis of the information to provide valid conclusions.[Conduct investigations of complex problems]

5. Create, select and apply appropriate technique resources and modern engineering and IT tools including prediction and 4odeling to complex engineering activities with an understanding of the eliminations.[Modern tool usage]

6. Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.[The engineer and society]

7. Understand the impact of the professional engineering solutions in societal and environmental contexts and demonstrate the knowledge of and need for sustainable development. [Environment and sustainability]

AISSMS
INSTITUTE OF INFORMATION TECHNOLOGY
ADDING VALUE TO ENGINEERING

Approved by AICTE New Delhi, Recognized by the Government of Maharashtra
and Affiliated to Savitribai Phule Pune University.

Accredited by NAAC with A grade

8. Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practices.[Ethics]

9. Function effectively as an individual and as a member or leader in diverse teams and in multidisciplinary settings. [Individual and team work].

10. Communicate effectively on complex engineering activities with the engineering community and with the society at large such as being able to comprehend and write effective reports and design documentation. Make effective presentations, and give and receive clear instructions. [Communication].

11. Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work as a member and leader in a team, to manage projects and in multi-disciplinary environments. [Management and Finance].

12. Recognize the need for and have the preparation and ability to engage in independent and life –long learning in the broadest context of technological change. [Life-long Learning].

PREFACE

Telecom Engineer Students Association (TESA) was first established in the year 2012 under the Electronics and Telecommunication Engineering Department (ENTC), AISSMS IOIT. This committee was established under the guidance of respective Principal sir, department HOD, TESA chairperson(s) and other faculty members for the maximum participation, overall development of students which involved showcasing their talent and providing them a platform to reveal their hidden potentials and skills through various domains like Technical, Cultural and Sports. Like every year students from Electronics and Telecommunication Department and also from other departments and AISSMS Society are enthusiastically participating in these events along with staff members and the TESA committee received an overwhelming support and co-operation from participants overall. TESA Events were generally held for two days under the brand event name "VERITAS" which means "TRUTH" where the committee basically looked after the realistic development of the students in uplifting their talent. Like Last year, this year also we conducted VERITAS in an online mode. The covid pandemic gave a huge example, that change in life opens the door to big opportunities and take us to the greater heights of success. In accordance with this idea is our theme for this year is "Let's bring the Change".

This year we had planned various activities related to Technical, Cultural and Sports domains. As an exposure to the placement procedure and an overview of entrance examinations for higher studies, we had also included T&P and Study Circle in the VERITAS events which would help students in their career. Along with this we arranged a Social Event on "Mental Health Awareness". Wherein we had an interaction with the students of age group of 18-25 years by which we tried to tell them the importance of Mental Health. Our TESA Committee activities are not restricted only up to VERITAS events, but will be held throughout the academic year through various webinars, exciting workshops so that student can develop the ability of concept understanding, analysing and creating their own realistic ideas.

We hope that our legacy which we had dreamt of, created and brought into picture will be carry forwarded by coming ENTC enthusiasts and our ideas and visions will be beneficial to our juniors, batch-mates and everyone.

Aim/Objective of Student Association

TELECOM ENGINEER'S STUDENTS ASSOCIATION (TESA) is a student association run by students of E&TC for students of E&TC. The main objective of the TESA is to provide platform to students to explore their skills and knowledge through curricular and extra-curricular activities in the field of E&TC. TESA is committed to the overall development of E&TC students by organizing various such as "VERITAS", it is a department level event in which various technical and non-technical activities are conducted. In addition, through TESA, we celebrate days like "Teachers Day" and "Engineers Day".

Outcomes of Student Association

Joining a student organization presents many opportunities to learn more about them self, their goals, and their strengths. Students can learn from how other students handle certain situations and test their current knowledge. Students can also find out what they're good at, whether that's multitasking, staying organized, generating ideas, or serving others. This self-awareness will be beneficial in student's future career.

Knowing how to work well with a team is an essential skill for any career. Being in a student organization teaches them, how to do this by putting them in situations where they are required to take advice from others, as well as give your own.

ABOUT THE THEME

"LET'S BRING THE CHANGE"

We think more than we know and knowledge fails to teach "THE CHANGE". We need to experience to gain the wisdom that nothing is permanent but the change. Staying isolated forced to ask better question.How are things going to work ? We conquered it ! From epicure to chefs, offline to e- learning and yes we are still on our way adapting new bringings. Something goes on at every moment we just need to look really.

We have embraced so many changes this year. Looking at the mirror and hiding behind the mask from Banning phones from classroom to getting classroom on phone , from going on industrial visits to visiting college once in a while. As Socrates quotes- The secret of change is to focus all of your energy, not on fighting the old, but on building the new."

SOCIAL EVENT

"MENTAL HEALTH AWARENESS PROGRAM"

Secretary	Joint Secretary
Prasanna Arghade	Samruddhi Haral

Date : 20th Sep 2021 Time: 11 AM

Coordinators: Tejaswi Katkar   Pallavi Zagde

Sidddesh Malshiraskar   Snehal Shitole

Purva bakale   Vaibhav Suryawanshi

Aditi Deshmuk

The social team of TESA, 2k21, conducted an event showing awareness about Mental health. Due to covid –19 Pandemic problems like depression, anxiety, loneliness arising in today's youth need to be solved so Social team of Tessa took an initiative to give some awareness about mental health causes and how can they overcome them.

Report   -0   +1

Question 1

Q. In Fig , the ratio R1/R2 determines

Unknown resistor, R_X
$R_1 = 1\ k\Omega$
M_1
$V_T = 12\ V$
μA
C ─── D   Ratio arm
Standard resistor, R_S variable from 099,999 Ω in 1-Ω steps
R_S
$R_2 = 10\ k\Omega$
B

Basic

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20
○ the placement accuracy of the measurement of RX

○ the maximum unknown resistor, RX(max), that can be measured

WEBINAR ON PUBLIC SPEAKING

AND CORPORATE COMMUNICATION

Name of the Organizing Institute: AISSMS Institute of Information Technology Pune-1.

Topic of the Webinar: Public Speaking and Corporate Communication

Date: 16th October 2021

Time: 10:00 am-10:45am

Description of the Resource Person:

Mr. Sandeep Periwal Sir. Who is the Founder and Chief Executive Officer (CEO) of 31West Global services, Bengaluru, which is a leading provider of Outsourced Customer Support & Technology Consulting Services. He is a Serial entrepreneur with over 22+ years of experience in Enterprise Applications, Process Automation, Solution Architecture & Leadership. Sir has completed his bachelor's degree in electrical and electronics engineering from DKTE Society's Textile & Engineering Institute, Ichalkaranji. He is also working with Conversity technologies Pvt limited and Aumenta global services as the CEO.

Brief Description of the Event:

Mr.Sandeep Periwal started by sharing his valuable experience. As the topic goes "Public Speaking and corporate communication", he justified the topic through a brief presentation.

Initially he started off by explaining what exactly corporate communication is and then he shared important points which included importance of dressing sense, also mentioned that whenever you present yourself / give presentation or get into a conversation with a senior professional make sure you think clearly.

Secondly, he explained that you must be confident and should have an eye contact. This ensures that you easily connect with the audience. Next, he added, one must not be shy to ask the simplest of the question and always listen and understand the other person's view. One must not be hesitant to formally interact with the opposite gender at workplace.

Lastly, he urged that every individual should be capable enough to create and deliver a PowerPoint presentation.

These were the few crisp points that he mentioned to grace a formal talk.

Number of Participants: 52 Participants.

Outcomes: It was an interactive session, wherein the students got to know about the corporate world and the corporate communication techniques. And got a chance to clear their doubts.
