INSTITUTE OF INFORMATION TECHNOLOGY

ADDING VALUE TO ENGINEERING

Department of Artificial Intelligence & Data Science

Department's Vision, Mission, PEOs and PSOs.

VISION

To create globally recognized
AI & DS Engineers for
sustainable development.

MISSION

1. To meet the current & future demands of the nation in the area of AI & DS.
2. To produce high-quality students technically superior, professionally & ethically strong.
3. To inculcate the interdisciplinary skill set required to fulfill a societal need

Program Education Objectives (PEOs)

1. Graduates will have the capabilities to apply AI & DS knowledge to develop feasible systems.
2. Graduates will be able to handle the challenges of rapidly changing technology.
3. Equip the graduates with strong technical knowledge, competency in soft skills, lifelong learning skills that allow them to contribute ethically to the needs of society.

Program Specific Objectives (PSOs)

1. Graduates will be able to apply the knowledge of Artificial Intelligence and Data Science to enable computers, devices, and robots to perform intellectual tasks.
2. Graduates will be able to apply the knowledge of artificial intelligence and data Science to multidisciplinary areas to meet the need of the industry and society.
3. Graduates will be able to become an entrepreneur and to pursue higher studies/career in software industries.
