ULTIMATE CODERS

Abstract : Ultimate Coders is a coding competition designed for individual participants, hosted by CODEHUB at Alacrity. The competition is aimed at challenging and testing the coding skills of participants in various areas such as algorithms, data structures, and problem-solving.

The competition consists of several rounds, each with a set of coding challenges that participants need to solve within a specified time limit. The challenges will vary in difficulty, and participants will be awarded points based on the complexity of the problems they solve. Ultimate Coders is open to anyone with a passion for coding and problem-solving.

Participants can come from any background or level of experience in programming The competition will be conducted online, and participants will need to have access to a computer and an internet connection to compete.

The top performers in the competition will be awarded prizes, and all participants will receive a certificate of participation. Ultimate Coders aims to be a fun and challenging event for all participants and provide an opportunity for individuals to showcase their coding skills and learn from other participants.

Rules:

- Allowed programming languages are **C, C++, Java, and Python.**
- The problems may be solved in any order.
- All solutions will be submitted electronically.
- Solutions will be tested by the judges and feedback will be sent accordingly.
- Any unauthorised behaviour will result in automatic disqualification.
- This includes but is not limited to:
- Judges' decisions are final.
- Teams are ranked based on the number of problems solved correctly.
- In the event of a tie, the following tiebreaker is used:

1. For each correct submission, Contestant will receive 1 point per minute taken to solve the problem, plus an additional 20 point penalty for each incorrect submission (not including compilation errors) of that problem.
2. Incorrect submissions for unsolved problems do not count points.
3. The Contestant with fewer points will be deemed the winner.
4. In the case of a tie in both of the previous methods, the winner will be determined by solution elegance determined at the judges' discretion. (This is extremely unlikely, and you should not worry too much about this).

Burst the beats- Group Dance

ABSTRACT:

Burst the beats- Group Dance competition was the first on stage event of Alacrity 2022-23, which took place on 20th February 2023. Event was held at main campus stage in between 7:00 pm – 9:00 pm. Our team successfully organized and executed this marvellous event. In total of 9 entries and a performance by Judge Shubham Marke, a special performance by our own institute's student – the infamous FLASHMOB was also included. Anchor Om Garje and Sarvesh Rodi were successful in keeping the crowd engaged.

ART EXHIBITION

ABSTRACT:

The purpose of this exhibition summary report on There Is Truth Here is to determine how the exhibit has been received by the community of viewers who came into the Legacy Art Exhibition from February 20, 2023 to February 22, 2023. This summary report was compiled using the visitor comment book and feedback given to the staff that recorded attendance and engaged with visitors over the course of the exhibit.

Firstly all participate members and visitors are happy because its first time in AISSMS IOIT that happens the art Exhibition. The comments gathered from this exhibit were informative in understanding how the audience received the show. Many of the comments made were very poignant, that revealed the emotional experience visitors had as they took in the exhibit.

They either stopped to talk with gallery front desk staff and/or made comments in the visitor book as they left the gallery. This event was conducted under "Azadi ka Amrit Mahotsav".

Visitors left with various feelings. Some left feeling happy to see some positivity come from the work of the our college students, teachers.
