Duration in days: One day
Date: 14th August 2022

Name of the event: Har Ghar Tiranga

Organized by: NSS
Venue: Students home place

Number of participant-
Male: 78
Female: 34
Total: 112

Objective: To invoke the feeling of patriotism in the hearts of the people.

Details:

'Har Ghar Tiranga' is a campaign under the aegis of Azadi Ka Amrit Mahotsav to encourage people to bring the Tiranga home from 13th -15th August 2022. Our relationship with the flag has always been more formal and institutional rather than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag.

Under this campaign Teaching, Non-Teaching staff along with students hoisted flag at their home. Savitribai Phule Pune University has achieved Guiness World Record of largest online photo album of people holding a national flag.

Objective: To maintain hygiene.

Details: All India Shri Shivaji Memorial Society's Institute of Information Technology, Pune has organized Hand Wash Day activity on 21st October 2022. Global Handwashing Day highlights the importance of handwashing with soap and water at home, in the community, and around the world. Hand washing with soap and water is one of the best steps we can take to avoid getting sick and spreading germs to others. This activity seeks to raise awareness of making soap and water available globally, especially in public places, schools, and health care facilities to improve hand hygiene efforts in the COVID-19 response that can outlast the pandemic and ensure continued access to clean water and soap. Many germs that can make people sick are spread when we don't wash our hands with soap and clean, running water. That is why handwashing is so important, especially at key times such as after using the bathroom, when preparing food, before eating, and after coughing, sneezing, or blowing your nose.
